IT'S UP TO YOU

Twelve Hundred Million Bucks,
Just chicken feed for tough Canucks,
To our soldier boys we throw the torch,
A blaze of flame with which to scorch,
Those Hordes of Hitler freed from Hell,
To scourge this Earth, yet all is well,
We live, we love, our spirits sing,
All praise to Churchill and our King,
We and our Allies dare to fight,
For all those freedoms we think are right,
So Mr. Haley hold the sack,
While tough Canucks pour in the jack.

NIAGARA SANATORIUM NEEDS \$300,000 FOR BIG EXTENSION

Board of Governors Appear Before County Council And Explained The Pressing Need For More Accommodation as Soon as Possible.

WAITING LIST

Was Originally Built For 84 Beds Which Are Now All Occupied, With Four More Beds Set up in a Sitting Room.

Lincoln County Council appointed a committee to meet with the Board of Governors of the Niagara Peninsula Sanatorium, to discuss a proposed \$300,000 extension to the accommodation at the institution. The committee, named on the request of the Sanatorium officials, will consist of George Montgomery, Reeve of Clinton Township, who is chairman of the Charity and Welfare Committee; Reeve William Headip, Grimsby Township and Deputy Reeve Cecil Record, Grantham Township.

The pressing need for more accommodation at the Niagara Peninsula Sanatorium was outlined by Superintendent Dr. C. G. Shaver, and Dr. John Sheehan and A. H. Trappell of the Board of Governors. They asked the county council to appoint a small committee to meet with the Board to discuss the problem.

They told the council that the Sanatorium was built to accommodate 84 patients. The demands for accommodation have become so acute that every bit of space at the San has been pressed into service, and the 84 beds are now occupied. (Continued on page 5)

Japanese Paper Used By Soldiers

Gordon Hannah Gets a Letter From Chris. Chester But The Hieroglyphics Have Him Buffeted.

Gordon Hannah of Hotel Grimsby received a letter last week from his son Chris. "Gump" Chester. The writing was in English, but the printing was in Japanese and so far Gordon has been unable to decipher that Chris is somewhere in the Aleutians and the paper he wrote on was writing material left behind by the Japs. His letter reads: Sept. 14, 1943.

Dear Gord:-
Hope you are well again. I see by the paper that you have been sick. They send me the paper every week, so I get all the dirt from the (Continued on page 7)

School Cadets Are Smart On Parade

Capt. C. H. Stearn Gives Grimsby People a Real Motte to Live up to—Loan Rally Largely Attended.

GIVE READILY INTELLIGENTLY MONEY SERVICE BONDS YOURSELF

The above motto was given to Grimsby citizens on Sunday afternoon by Capt. (Rev.) C. H. Stearn, McMaster University, in a brief, impressive address delivered to a large concourse of people, in front of the Post Office, in connection with the local Victory Loan drive.

"Give readily, intelligently, money, service, bonds, yourself. He voiced a warning against any slowing down in the war effort and stressed the fact that we must not in any way let our soldiers, seamen or airmen down. "If we want to win the last battle we must have the tools to do it with" he stated.

This was the first opportunity that citizens have had to see the High School cadets and the Girl Cadets on parade and marching behind the Lincoln and Welland Regimental band and the Canadian Legion. They made a remarkably smart showing.

P. V. Smith was chairman in charge of the parade and rally.

Spectacular Crash Has Lucky Ending

Driver Goes to Sleep at Wheel—Light Pole Crushed—Gas Tank Explodes—Three Men Escape Death by Narrow Margin.

A driver momentarily falling asleep was given as the cause of a spectacular motor car accident on the Queen Elizabeth Way three miles west of town on Thursday night in which three men were injured and \$2,000 property damage was done. The injured were: W. C. Chisholm, 422 Jarvis street, Toronto, owner of the car, lacerations to face, chest injury and fractured ribs; W. G. Atrill, Goderich street, Fort Erie, driver, laceration to face and fractured rib; John Matheson, Cowan avenue, Toronto, lacerations to face and severe shock. All were attended by Dr. A. F. McIntyre.

The car, an expensive late model, was totally destroyed and the three occupants escaped death by a narrow margin. While westbound, it suddenly went out of control and swerved to the boulevard, where it travelled for 200 feet, then crashed into and snapped an electric light pole. Flying around, it careened (Continued on Page 7)

Smashed Five Yale Locks to Gain Entrance to Bond Room at United Distillers' Plant—Leave Tools When Scared Away.

NOTHING MISSING

Had Cases Piled up Ready to Move Out—Chief Turner Was Browsing Around And Lookout May Have Got Cold Feet.

Nervy thieves who suddenly developed a bad case of freezing feet, smashed their way into the bond room of the United Distillers on Thursday night or Friday morning and then for some unknown reason decamped without having one swig of the gallons of joy juice that they were surrounded by. So fast was their departure that they left behind some of the tools of their trade and their flashlights.

To gain entrance they first smashed the lock off the steel gate which let them into the yard. They then smashed four Yale locks off doors in order to enter the building and make their way into the room where the bonded liquor is kept. In this room they selected a large number of cases and piled them up ready for removal outside and loading.

What scared the culprits away will never be definitely known, but a reconstruction of the situation next morning by government officials and Mounted Police would tend to show that Chief of Police (Continued on page 7)

Sergt. "Bill" Rooker Says Boat Ride From Sicily to Italy Like Going For Jaunt in Hand's Fishing Boat.

From Sgt. Bill Rooker, Central Mediterranean Forces, Italy, Sept. 26th.

Dear Family:
As you will have heard we are on the mainland of Italy now, after a pleasant boat ride from Sicily, just like going for a ride in one of Hand's fishing boats in the summer. Never heard a shot fired all the way. Our air force is very formidable and has really knocked the Jerries and Wops out of the air in record time.

The weather here is about the same as in Sicily, although we have had a few rainy days and nights lately. The country itself (Continued on page 7)

KNITTERS URGENTLY NEEDED BY NAVY LEAGUE BRANCH

The Ontario Division of the Navy League has been asked to supply 1,000 or more pairs of special socks made from undyed natural wool.

The purpose is to save from amputation the feet and legs of Merchant Seamen suffering from "Immersion Foot" and if only one limb is saved, our entire united effort will be worthwhile. However, it is expected that many feet and legs will be saved.

Many limbs have been lost by shipwrecked seamen because of immersion foot. Apparently too much exposure to water or moisture when seamen are adrift, has caused the circulation of blood to be impaired. If circulation cannot be restored, gangrene sets in and amputation is necessary.

The Banting and Best Department of Medical Research and the Department of Physiology, under our own Surgeon-Captain C. H. Best, Surgeon commander Boland and Lieutenant Bunker, have conducted many experiments which demonstrate the value of these special socks. Many limbs have already been saved by means of special medical treatment devised by Surgeon-Commander Boland and his Naval Medical Associates in Halifax but when the condition is well advanced, as is often the case, little can be done—the way of treatment. The Research Group has now turned its attention to "Prevention." They have developed a plan which they feel will accomplish results of great importance.

Each lifeboat and raft on Canadian ships, for a start at least, will be supplied with a quantity of Vaseline Impregnated woollen socks. These 5,000 pairs are to be provided by the Navy League of Canada, the Ontario Division quota being 1,000 pairs. With the assistance of Captain Best, Commander Boland and their Associates, ways and means of impreg-

Leather Cartage Co. Outfits Stand Double Parked, Opposite One Another For 18 Minutes—No Drivers in Sight.

One Little Narrow Lane in Centre of Street Could Not Begin to Handle Traffic Flow—This Kind of Stuff Must Stop.

Is another bugbear to traffic conditions on Main street to raise its ugly head?

After many months of figuring and experimenting "Cammy" Millyard and the officials of Canada Coach Line have to a great extent, eliminated a lot of the trouble and congestion on this busy thoroughfare, that had been caused by the buses.

Now are the transport trucks going to start in tying things up in a knot? Looks like they are if what happened on Saturday afternoon is a sample.

For eighteen straight minutes, two tractor trailer outfits of the Leather Cartage Co. of Hamilton, stood on Main street, double-parked, opposite one another, in front of West, The Barber's and Dr. Sinclair's residence. The drivers? Try and find them.

At three minutes, two west-bound outfits, Tractor No. 60, parked. (Continued from page 7)

FACTS & FANCIES

Frank Fairborn, Jr.

TO WHOM IT MAY CONCERN

When you saw the sun go down tonight beyond the western rim,
And the light aglow in ten thousand homes and shadows growing dim,
Could you see in the homes at eventide, at the table standing there,
A place was set for everyone, but there too was an empty chair.
That is the chair that belongs to Joe, or Fred or Nat or Jim,
Who's far away on a soldier's job—are you being fair to him?
You're holding the fort on the home front, and you can retire at will.
But a fighting man must carry on till the guns once more are still.
You at home must face again the Victory Loan's far cry:
There are tanks and planes and fighting tools your money has to buy.
You can't retire behind the fort and let these things pass on.
You've got to dig and support the lads, and help them carry on.
Dig, for your life depends on it; if you fail, there is no dawn,
And the things you love will perish, and your chance to give is gone.

REMEMBER!

Father Time is a dual personality. He is a veritable Dr. Jekyll and Mr. Hyde. At one and the same time he is kind and he is cruel.

If we want proof of this, we need only cast our thoughts back to the days of 1915-18. Since that period Time graciously healed most of the wounded Canadian hearts which then ached in loneliness and begged piteously for one more touch of the missing hand and lips of those stilled forever in the mud of Europe. But Time also dulled our memories of the horrible pain and grief which swirled in the wake of predatory German generals.

Only fourteen years after 1918, when German viciousness began to rise again as a threat against world peace, Time had blurred our minds. We do not readily recall the inhuman heart-breaking experiences of the first World War. There was no overpowering urge in our breasts to stamp out the smouldering fire of conquest before it became an unmanageable holocaust. Time had so softened our recollections of the tragedy in that short space, the reawakening of the German militaristic spirit did not warn us to meet and overpower it immediately.

Have we yet learned how wicked Time can be?

It is only four years ago since the stiff-necked goose-steppers ran bayonets through the frail bodies of old men and women in Poland, led little children into fields to shoot them down with machine-gun bullets. But three years have passed since the Germans, the Lombed old and young civilians out of the towns and cities of Belgium, to choke the highways against the approach of the opposing armies—and then bombed and machine-gunned these helpless creatures along the roads. Will we let Time make us forget that now?

It is about two weeks since the Nazi monsters looted the city of Naples and mercilessly murdered inhabitants because they expressed their dislike of the German cause. Can we forget that also?

For four years, thousands of the finest of our Canadian youth, destined to live happy lives among us, have fallen victims to German guns. Is our sorrow from their loss already cooling?

Or are we keeping fresh those bitter memories of the past since 1939, arousing in our hearts a grim determination to end this senseless parade of wars for a long, long time?

There is a message being spread throughout the land in these days of the Fifth Victory Loan campaign. Its purport is, "Let's not become complacent."

But here is a yet more potent slogan for us at this moment. It is contained in one word:

"REMEMBER"

If we will keep green the indescribable horrors of this war, if we will remember that these were perpetrated by the Germans and will be repeated again and again unless we completely crush the German militaristic spirit, we won't need any warning against complacency.

We will pour our dollars into Victory Bonds as never before, speed our work in war factories and take increasing pride in the actual job of extermination which our men are carrying out at the battle front.

WAR ON DIRT

The energetic housewife is apt to assume a resolute air about now, and say it is necessary to clean house. So she put on her apron and dust cap, and goes forth for her war on dirt.

If the men say the house is clean enough, she says that every day the entering feet and the winds of heaven bring dirt into the house, and that unless rooted out regularly, it creates an unhealthy and unattractive home.

Housecleaning in the old days was often a painful process. The men sighed if they took their meals in the woodshed or some unaccustomed place. Today with modern methods it is far easier.

The men should look sweet even if the regular routine is slightly disturbed, and thank their wives for their efforts for a sanitary and attractive home.

WHAT MAKES NEWS?

The novice reporter for a newspaper sometimes has difficulty in telling what constitutes news. Somebody loads him up with a lot of publicity stuff aimed to benefit someone personally, and he drags in the copy, and is surprised when told it is not news.

Then some days things are turned upside down in the town by some new development, and he can't see that it is a big story. How is he to tell the difference?

One test of news is whether it is something people will talk about as they meet from day to day. If the weather is about average some day, people don't talk about it, and there is little news in it.

But if there is a big storm and trees are blown down and steeples blown over, then everybody talks about it, and it is news. The basic idea of news is something outside the ordinary monotonous routine of life.

Why so much worry about drafting fathers? Anyone who has bathed a baby can cope with any situation.

Letters To The Editor

A TRIBUTE—

The Editor,
The Grimsby Independent.

Sir: Our town is indebted to Mrs. Moore for a most timely piece of news of "The Young Mr. Pitt." A hundred and fifty years ago the Motherland stood, as she stood after Dunkirk, alone against a world-tyranny. In William Pitt she found a leader to destroy poison as today in Mr. Churchill she has another to destroy Hitler. When taunted by Charles Fox to put his policy into one sentence Pitt—as Churchill might today—put it into one word: Security.

The film shows Pitt's work in shipbuilding, in mustering three hundred thousand volunteers, in winning the threatened Continental powers to an alliance, in searching out commanders like Nelson. It reaches its climax in the victory of Trafalgar—one hundred and thirty-eight years ago today—and leaves Pitt uttering his last public words: "England has saved herself by her courage; she will save Europe by her example."

Mrs. Moore, by a happy inspiration, put on this most appropriate film on Trafalgar Day, in the first week of the drive for the Fifth Victory Loan. No better stimulus could have been devised, and her town thanks her for it.

SELECTIVE

SERVICE

A WORD OF CAUTION

TO MEN OF MILITARY AGE AND TO THEIR EMPLOYERS

National Selective Service Civilian Regulations authorize the Minister of Labour to require that male employees furnish their employers with evidence that they have not failed to comply with National Selective Service Mobilization Regulations (i.e., the Military Call-up).

It is intended that an order will be issued shortly, requiring employers to carry out the necessary check on their male employees, and to report any men who do not produce the required evidence of compliance.

The check up will cover every male employee who has reached the age of 18 years and six months and has not reached his 30th birthday. The man will have to show evidence in one of the following forms—

(a) A man discharged from the Armed Forces following service during the present war should have his discharge certificate. A discharged man who has not a certificate should apply for one in the following manner—

Army—District Officer Commanding, Military District in which discharge took place.

Air—Records Office, R.C.A.F. Headquarters, No. 5 Temporary Building, Ottawa, Ont.

Navy—Secretary of Naval Board, Ottawa, Ont.

(b) A man who has responded to a direction from a Registrar of a Divisional Mobilization Board, to report for medical examination under Mobilization Regulations, should have either a certificate of exemption or an order for postponement of military training from the Divisional Registrar. (A man entitled to either document who has lost his copies should immediately apply to the Divisional Registrar who issued the original, for a duplicate.)

(c) A man who has been rejected on application for voluntary enlistment in the Army since the beginning of the war, should have a certificate showing that he was rejected through medical unfitness. (If a man entitled to such a certificate does not possess it, he should apply to the District Military Headquarters of the District in which he applied for enlistment, in order to procure the necessary form.)

(d) A man in the designated classes who has not reached his 30th birthday, who was married on or before July 15th, 1940, or who,

having been married before that date, is a widower with children, must be prepared to furnish evidence, such as a marriage certificate or birth certificate of a child, to show that he was married before July 15th, 1940, and that he is now either married or is a widower with children.

(e) A man who has reported for enrolment in the Army under an Order—Military Training issued under the Mobilization Regulations and who has been rejected should have a certificate showing he was rejected through medical unfitness. If a man entitled to such certificate does not possess it, he should apply to the District Officer Commanding the Military District in which he was rejected.

(f) (1) A man who is not subject to the Mobilization Regulations because he is an enemy alien who has not made application for naturalization may obtain a certificate from a registrar of his Divisional Mobilization Board indicating that the Mobilization Regulations do not apply to him and such certificates must be obtained by all such enemy aliens.

(2) A man who is an alien and neither a national of Belgium, Czechoslovakia, The Netherlands, Norway, Poland, the United States nor Yugoslavia and has not applied for naturalization may be relieved of his duty under Mobilization Regulations, but he gives up his right to future Canadian citizenship after the war, where such men have applied for such relief and been granted such status, certificates will be issued by registrars in appropriate cases.

This caution is issued to facilitate compliance with the order which is proposed. A reasonable interval will be allowed to permit men to provide themselves with whatever document, as referred to above, they may be entitled to hold.

Employers are requested to give notice of this proposal to their male employees, to facilitate the operation of the order when issued.

Rosy red apples to bob for in water,
Here and there candles that glimmer and shine.

"BLOOD AND THUNDER" COMMONLY CALLED SPORT

(By "Pig Skin" Pettit)

Last week we had some — well they might be called rugby games. The "Army" played the "Airforce" in a game of this sport, in its most unorganized form. A terrible sight to behold.

During one of the Army's masterly plays, Assistant Assistant Coach Alexander Socrates Marr was trampled by the opposing team. As he lay moaning pitifully on the campus, the following conversation took place:

Martin, the "Airforce" Capt., "Aw, leave him alone, ya' can't revive the dead."

Bedford, the "Army" Capt., with a cunning smirk on his face, said joyfully, "Now do tell, is that a fact? Kindly answer me this, did they ever revive you?"
Always true sportsmen!!!

Boy Scouts

At the scout meeting Monday night thirty-five scouts enjoyed an evening of work and play. After the opening horseshoe and patrol come a the troop were given instruction in field craft by assistant Scoutmaster Donald Pettit. Particular attention was stressed on how scouts should walk through trees keeping well under cover at all times. Also how to camouflage their hats to match their surroundings. A great deal of amusement was made after the instructor had finished showing the boys how to silently go from a standing position to a sitting position, and he himself pulled up a wooden bench to sit on. Scout Allan McPherson, who has a real deep, hearty laugh, could be heard for many blocks in that particular neighbourhood.

After many games the most important event of the evening was held for scouts Bernard MacMillan and David Fickett. This was their big night as they were being inducted as real scouts. To rise from a scout in training to a full uniformed scout is a real thrill and Bernard and David were received into the troop with many a cheer. Before the investiture, Troop Leader Ian Marr dismissed the other scouts in training, receiving their uniforms, colors and badges the closing ceremony was observed at 8 p.m.

The Cubs

Cubmaster Cyril Mote gathered together his leaders for the cub pack on Friday night, Oct. 22nd. This was their first instruction and the following Grimsby boys have decided to train as leaders: Allan Bentley, Merritt Anderson, Peter Phelps, Cliff Schwab, Douglas Helterborn, Leslie Walters, William Robertson, Dean Wilson, Christopher Wade, Garry Scott.

Pack owners were made and the boys were instructed to respond to their cubmaster's calls. All cub pack calls must be made just like a walk barking so the boys had great fun practicing their work.

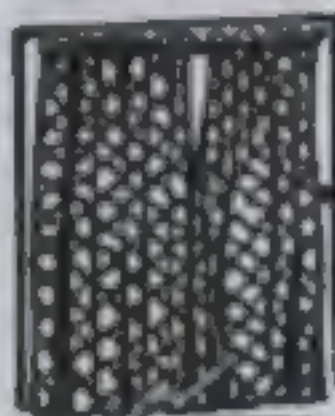

Cubmaster Mote will be assisted in the work by Asst. Cubmasters Mrs. E. Phelps and Mrs. G. Dousett, who will be given definite work in the training and operation of the pack. Grimsby owes these citizens a great deal of praise for starting such a worth while work among the boys of Grimsby, and we hope they have every success in their work.

Cub pack training course will be held each Friday afternoon, 4 p.m. to 6 p.m., at the assembly hall, Grimsby public schools. Leaders expect this training to be completed by Christmas and then the full pack will be called together in January. In this training course the boys showing the best marks and winning the most badges will be chosen as sixers and the other five as their assistants. Let's go boys and make a good job of cubbing in Grimsby.

AVOID THESE MISTAKES:

1. Never place your telephone on the wall but on a sturdy shelf. Keep it on a shelf.
2. Be careful that the cord does not hang over the drawer handle or knob. Opening the drawer may pull the telephone over, causing it to fall and damage the cord.
3. Keep your telephone cord untangled and do not let it hang over the edge of the desk.
4. When painting, protect your telephone with a cloth or paper. When washing floors or get soaked with water.
5. Always replace the receiver carefully. Do not throw it down. The sure it is placed correctly on its support, too, to avoid causing a "busy" signal.
6. If you have dial service, please do not use a pencil or other sharp point when dialing. It damages and damages the dial and often causes a wrong number to call.

The invasion that you've waited for is underway... thundering on for off battle fields. Our boys are in it! Every advance they make brings us the day when the "fortress of Europe" will be blown wide open... and backing them up are your tanks, your guns, your ships, your planes.

Mothers' Club

At their meeting held at the home of Mrs. Edmund Hunter, Maple avenue, last week, the Mothers' Club had as their guests Mr. Beaumont and Miss Malcolm, of the Children's Aid, St. Catharines.

Mr. Beaumont told the members that everybody was very busy just now with all kinds of organizations, but little thought was given to the actual welfare of the less fortunate of the community, especially the children. He commended the Club highly on the Clinic work they were doing.

A resume of the history and the work of the Aid was given by Mr. Beaumont and of the improved methods of caring for the children. The present plan of placing children in homes is much better than the old institution way, he said. Children are so much happier in private homes, and foster parents have proved so many times that just a little affection helps a child. Many of the boys who "have been under the care of the Aid are fine soldiers today and doing a grand job.

Mr. Beaumont felt that something might be done to make life a bit more tolerable for our soldiers' wives and families. They have quite a job at home here and are pretty much tied, and we could perhaps see that they had a little more enjoyment out of life.

Plans were made for the members to make a layette.

Presentation

Following the Prayer Meeting at the Baptist Church on Wednesday evening, a presentation was made by the members of the church to Mr. and Mrs. Thomas Briggs who are leaving to take up residence in Toronto.

Mr. and Mrs. Briggs have been members of the Grimsby church ever since coming here from England thirty years ago, and for the last thirteen Mr. Briggs has been caretaker of the church. Mrs. Briggs has been a highly valued member of the Ladies' Aid for many years.

Before coming to this country Mr. Briggs served for 25 years as guard on goods trains in the north of England, entering the service in 1867, the year of Queen Victoria's Golden Jubilee, at the age of 19½. During the entire term so mishaps of any kind occurred on the trains on which Mr. Briggs carried on his duties.

Taking part in the musical part of the program were Miss Greta Ormiston, Mrs. Harry Cartner, and Mr. Jos. Richardson. Miss Eva Cline contributed an entertaining reading, and Dr. N. Lockie spoke appreciatively of the guests of honour. The presentation, a substantial purse, was made, on behalf of the members of the church, by Mr. Richardson, student pastor.

Refreshments were served by the Ladies' Aid under the co-operation of Mrs. J. Eason.

RECITAL

On Saturday afternoon, October 23rd, Mrs. B. H. Bolton entertained her Piano and Reading Class at her home, 7 Robinson street south. A very pleasing program of piano and reading numbers was given by members of the class, which were exceedingly well rendered and showed marked progress during the year.

Each pupil in her rendering showed special training in time, quality of touch, sympathetic tone, etc., used in expressive musical interpretation.

At the close of the recital, prizes were presented to those winning highest tally during the year. Refreshments were served, and a pleasing half hour was spent at the piano in the singing of old time songs.

Pupils taking part were Ann Young, Leona Twoock, Alberta Klorick, Gloria Jarvis, Marjorie Morrison, Betty Shantz, Carline Shantz, Hazel Twoock, Vera Foster, and Ruth Cornwall.

On and after this coming Sunday there will be no delivery of Milk in St. Catharines for a duration. Several other small cities in Ontario have adopted a non-Sunday delivery plan.

This is a tough week on the deer in the North country. Big Huntsman, "Mac" MacPherson and Bill Hand went to the bush on Sunday. There's been a lot of good ammunition wasted this week.

In view of the establishment of military hospitals within this area, local citizens are in need of a mild form of military education. This time the curiosity centres about the convalescent uniforms, which army men wear after they are sufficiently recovered to be up, but not well enough to return to their units. The uniform, which resembles a man's suit, is in blue and is worn with a white shirt, maroon tie and army hat, bearing the insignia.

Christmas Trees Are Still Banned

Government officials in Ottawa said Tuesday existing regulations leaving the Christmas tree where it is will remain in effect. They said there won't be any relaxation of transport, labor, Munitions Department and Prices Board orders. As long ago as August, the various authorities made clear the regulations would make more difficult than ever the marketing of Christmas trees in 1943.

All this leaves one loophole. If a farmer decides to spend a few days in his woodlot cutting trees, puts them on his wagon and hauls them to town there's nothing to stop him. But, with a fuel shortage, officials say they think he would be better employed cutting wood fuel.

Another prospect, of course, is that some Christmas tree seekers will help themselves. Caroline rationing and fire troubles have limited such operations, but officials said owners of plantations near cities will do well to be on guard.

Naval Ratings Are Big Bond Buyers

Men of the Royal Canadian Navy know better than civilians just what the success or failure of the Fifth Victory Loan means in the prosecution of the war.

As a result the Naval Ratings are buying bonds in a big way. Below is an excerpt from a letter received by Marcus and Mrs. Hills, Grimsby Mountain top from their son Sgm. Harry Hills, R.C.N.

There was a drive today on the ships for war bonds. When a ship tied up here buys over \$1,000 in bonds they hoist a "V" flag on the yardarm. Our ship has bought \$2,000 worth, not bad for a sub chaser. Tomorrow I will "hoist" smartly, upon the bridge and hoist two flag "V's".

I met Bill Beven's brother on the boat, also the Mino boy from Calator Centre. Roy Mino is his uncle, so this is a small world after all. I have a lot to tell the gang when I get back. We all hope to be back in dear old Canada soon. We are here with the Americans. We get lots of fags, 50 cents for 200. Have lots of books but the American cigars are bad, so send me a few Pathfinders. Remember me to the boys.

TRANSPORTS DOUBLE

ed in front of Dr. Sinclair's, outside a line of parked cars. An east-bound outfit, Tractor No. 62, parked in front of West's outside a line of parked cars. This left a little narrow strip in the centre of the road for east and west traffic to try and wiggle through. The drivers disappeared and were gone until 2.15, just exactly 15 minutes.

In tractor No. 62 was a woman and a child. In tractor No. 60 was a woman asleep on the seat.

Car owners parked at the curb could not get out and just had to sit there and wait until the drivers returned.

This kind of stuff just cannot go on and the Leather Cartage Co. officials better do a little checking up before something more serious happens, when it will be too late to check.

SPECTACULAR CRASH

along sidewalks for another 50 feet, then rolled over a few times, finally coming to rest on its wheels 150 feet beyond the pole, where it was completely destroyed by fire. Wreckage was strewn for 200 feet.

On call Fire Chief A.H. LePage responded with the No. 1 truck, but the car was a total loss when he arrived.

The driver, Atrill, was apparently thrown from the machine when it rolled over. Mr. Chisholm, the owner, climbed out of the wreckage unaided, then managed to get Matheson out before the fire reached him.

W. D. Walker, Bay street south, Hamilton, and L.A.C. D. B. White, St. Catharines, were eyewitnesses. They said that the instant the car hit the pole, the gasoline tank exploded and flames shot higher than the pole. Both expressed amazement that any one came out of the wreck alive.

Provincial Constable A. E. Reilly and Ernest Hart investigated. Mr. Chisholm told police that he had no insurance on the car.

ROBBERS GET

W. W. Turner was really responsible for their fleeing.

Shortly after midnight the Chief noticed a stranger loitering around the corner of Main and Oak streets. This is not an unusual thing in Grimsby during the fruit season when the Jungle Jacks are thick throughout the district. The Chief put the stony eye on this fellow, with the thought in mind that tire thieving was in the offing, this being the popular pastime among crooks nowadays. The fellow moved away.

A short while afterwards the Chief while cruising around the streets spotted the same laddy standing on the corner of Oak and Elm streets in front of the home of Fire Chief LePage. He continued his rounds and returned to Oak and Elm a little while later but the man was gone and was not seen again that night.

It is presumed that he was the lookout for the gang and having been scrutinized closely by the Chief on both corners decided that the "copper" was wise that something was going on, and while not knowing just where, was liable to discover the spot any time. Therefore the lookout decided it would be a wise thing to beat it and warned his fellow crooks to that effect. Hence the sudden decampment without even taking a Mickey Mouse with them.

The break-in was not discovered until Supt. Russ. Smith and his staff came to work on Friday morning. No attempt was made to enter the office or tamper with the safe, the main objective evidently being the securing of a stock of liquor.

DONKEYS AND PIGS

is very much cleaner and has better roads than on the island, but we still have the dust just as bad. The people are better educated and dress fairly well, and for a change are clean and comb their hair. They still live with their donkeys and pigs, though, in the villas and towns. I cannot tell you what the Italian city life is like as yet, but the scenery is more like Canada than any other place. About the capitulation of the Italians, — the people seem very happy to be free from it all, but who wouldn't? All they are now waiting for is for us

to feed and clothe them. There will be a heck of a bust-up with the Italian troops who are serving outside the country and I imagine the Jerries will turn against them and there will be an awful mix-up for a while. The Jerries are still in Italy and as far as is known are going to fight back hard, although by now they must know they haven't a chance of stopping us here.

I'm still working 12 hours a day, but we manage O.K. The Coy I'm with is real good, and all round I do believe I'm far happier here now than any time during my army service.

EMPLOYEES BUYING

Victory Loan subscriptions in Lincoln County passed the four million dollar mark Tuesday, county headquarters announced, but as the three-week campaign moved to the half-way mark investments are still more than six million dollars short of the \$10,000,000 objective.

Exact amount subscribed up to Sunday night was \$4,139,470, and investments in the county Monday totaled \$360,850. Included in these figures are \$235,100 subscribed in St. Catharines and the city total of \$1,35,000.

Throughout the county here is the progress to date with objectives bracketed: Niagara township \$65,000 (\$260,000); Grantham N. and Port Dalhousie \$60,000 (\$220,000); Grantham S. and Merriton \$35,000 (\$220,000); Louth township \$95,000 (\$300,000); Beamsville and Clinton township \$155,000 (\$400,000); Grimsby and N. Grimsby township \$195,500 (\$400,000); S. Grimsby, Calator and Gainsboro townships \$65,000 (\$200,000).

Since the Military Hospital at Chatham, Ont., was established, Boy Scouts of the city have kept the hospital completely supplied with medicine bottles of all sizes. Just recently they donated another 3,000. They make regular house to house collections.

Farmer... Father of Fliers

Recommends Victory Bonds

to you . . .

● Lou Neilly is a typical Ontario farmer with 85 acres just north of Bradford. Two of the Neilly sons joined the R.C.A.F. One son was killed in service. The other is a Flight-Lieutenant on active service. A bond buyer himself, Lou Neilly personally sold \$200,000 worth of Victory Bonds in the first four loans to people of his own township.

When Lou Neilly leans across a fence and chats with neighbors he often talks about Victory

Bonds, and that it's everybody's duty to buy them. He says something like this—his message to you: "The biggest chore in my life is doing what I can to win this war. I want my son and his pals, your sons, to get everything they need to do their job over there—wherever they are. I want too, to put aside what savings I can into Victory Bonds to give my oldest boy a fresh start when he takes off his uniform. You can put savings a great many places, but there is only one place where your savings will give our boys in service the help they need now. Everybody knows that Victory Bonds are as good as dollar bills—and that you can borrow on them any time you need cash—but we should buy bonds as our duty to our fighting men."

CAMMY MILLYARD

My sincere thanks for cigarettes that arrived today. They are most welcome.

Mr. C. R. Fisher.

July 1st, 1943.

Dear Sir:

Please extend my deepest thanks to the members of the Grimsby Chamber of Commerce for the 300 Buckingham Cigarettes (Parcel No. M. S. 88014) which arrived yesterday, and which was most welcome.

You will notice I have a new address. I am no longer with the Queen's Own Rifles in the field; but since my go in hospital I have been here at Infantry Reinforcement unit on the permanent staff; I expect to stay on this staff for some time yet. I am now in the Pay Office and quite expect that if I go to the field again it will be with the Pay Corps.

I trust conditions are as good as can possibly be hoped for at home, and great little Grimsby is not feeling too deeply the ravages of the war.

Again thanking you and your associates for your thoughtfulness and welcome comforts for your boys overseas.

Don Bacon.

Thanking you very much for your most welcome parcel of tobacco.

Pia. R. Shewen.

NIAGARA SANATORIUM

Four more beds have been set up in a sitting room. There are 20 more patients on a waiting list which has been constantly growing for the past six months. There are about 30 patients from this district now being cared for in sanatoria at Hamilton, Weston and London, partly because the Niagara Peninsula Sanatorium could not accommodate them, and partly because these patients, war workers who have recently come to this district, originally lived in the other cities where they are now being cared for.

The deputation outlined a plan which has already been placed before the Welland County Council. The plan proposes that extensions to the value of about \$300,000 be made at the institution. This would increase the capacity by more than 50 per cent. Plans call for an extension at the front of the building for administration office, and space over the office for 10 beds for children, and for operating facilities. Another extension for 40 beds is proposed for the eastern or back end of the building. The increase in the number of patients made possible by these extensions would require corresponding increase in the size of the nurses' residence and other services at the sanatorium.

Obituary

MRS. ANDREW FULTON

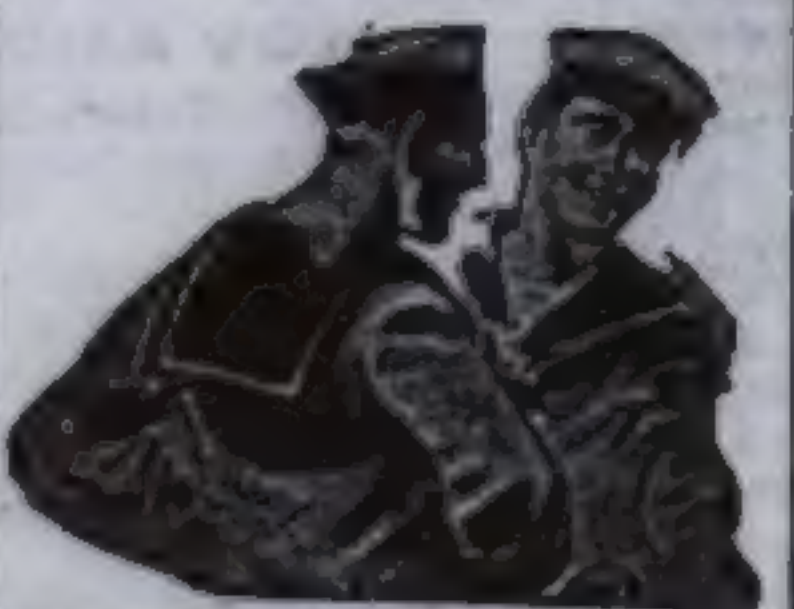

Following a lingering illness, Mrs. Andrew Fulton passed away Tuesday afternoon at her home, Robinson street south. She was born at Minden, Ontario.

She had resided here for the last three years and prior to that had lived at Beamsville. She also spent eleven years in England, where her husband was an official of the Dominion Fruit Board. She was a member of Trinity United Church, Grimsby.

Surviving, besides her husband, is a son, James Andrew, at home; also her mother, Mrs. James Hobden, Beamsville; two sisters, Mrs. H. J. Overend, Orillia, and Mrs. T. Garrett, Buffalo, and three brothers, Roy Hobden, Port Loring; Remus Hobden, Hamilton, and Thomas Hobden, Elmira. Another brother, Ross Hobden, was killed overseas in the last war.

Private funeral service will be held from her late home on Thursday afternoon, Nov. 5, at 2 p.m., Grimsby, officiating. Interment will be made in Mount Osborn Cemetery, Beamsville.

Navy League News

Our headquarters are now open every Monday, Tuesday, Friday and Saturday afternoon, 2 p.m. to 5 p.m.

... Week, held throughout Canada begins Sunday, Nov. 21st.

The work of the Women's Committee, Navy League, Toronto is increasing so fast that they have had to move to larger rooms and are now quartered at 748 Yonge St., Toronto—the headquarters for ditty bags, woollen comforts, survivors' clothing and vests. Mrs. J. C. Mackay is the indefatigable Secretary, and has to keep in touch with 1,500 groups in Ontario in addition to 50 groups in Toronto itself.

... Elsewhere we make an urgent appeal for help in the knitting of special socks for shipwrecked mariners. We have promised 50 pairs to be made in quite a short time. The experts have only just discovered how to treat these socks, so as to prevent gangrene setting in after immersion. We do hope a lot of new friends will come along to help in this very special work. Mrs. Conall is in charge of all this work and will be only too glad to advise.

FARMERS AND FARM WORKERS

If Your Farm Work has Slackened for the Winter, You Are Needed Elsewhere in Essential Employment

Highly essential work—very important in Canada's war effort and for the welfare of the Nation—is threatened with shortages of workers. One of the few sources of men available for other high priority jobs is those men on the farm who will not be needed at home during the Fall and Winter. Heavy needs must be met in many lines—producing fuel wood and other necessary forest products; in base-metal mines, in food processing, in railway track maintenance. If you live on a farm and are not needed at home during the Fall and Winter, you are urged to answer this national appeal.

Farmers engaged in essential work during the off season will be allowed to return home when needed. Also, those on postponement under Mobilization Regulations will continue on postponement while in approved essential work during the slack on the farm.

Please answer this vital call NOW.
